

# Mrs. Mullally's Happy Campers

## week in review

We worked on finding the products of 2, 5, 9, 10 facts this week. I am impressed by their effort! Practice with them any chance you can to help these facts become more concrete.

We looked at the Eiffel tower with earthcam.com. It gives you live feed.

## looking ahead to:

Word work will begin this week. We will practice with the words all week and then add them to the back of our ELA book.

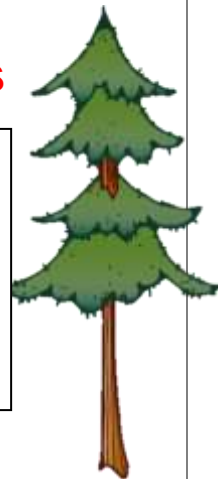

Bible verse should be studied and memorized each night. There is a quiz on it every Friday.

Look for a project to come home late this week about France.

Math quiz Wednesday on 2, 5, 9, 10 multiplication tables.

## Upcoming event s

FAST 9/25  
Chapel 9/27  
Yankee Candle Due 9/27  
Band 9/28  
Handbells 9/29  
Kids Stuff Book Due 9/29

## Weekly Wow!

Sorry to bring up reading again, but we are up to 53 AR quizzes! Amazing how much these kids love to read. I am in heaven!

## Notes from the Teacher

Could you please send in headphones if you have not done so already? It makes watching a video or playing games easier than having 10 computers beep. Also fundraisers are both due this week.
